

Advisory Committee on Immunization Practices

<http://www.cdc.gov/vaccines/pubs/ACIP-list.htm>

The ACIP lists recommendations applying to multiple or all vaccines as well as single vaccine or disease-specific recommendations.

American Academy of Pediatrics/Bright Futures

http://brightfutures.aap.org/clinical_practice.html

These guidelines represent a consensus by the American Academy of Pediatrics (AAP) and Bright Futures for pediatric preventive care.

American Academy of Family Physicians Recommendations for Clinical Preventive Services

<http://www.aafp.org/online/en/home/clinical/exam.html>

These recommendations describe AAFP policy for clinical preventive services and utilize recommendations from the U.S. Preventive Services Task Force as an evidence basis for these recommendations.

American Cancer Society

<http://caonline.amcancersoc.org/misc/guidelines.shtml>

This site links to cancer prevention and early detection guidelines.

American College of Obstetricians and Gynecologists

<http://www.acog.org/navbar/current/publications.cfm>

ACOG publishes clinical guidelines on perinatal and women's health care.

American Diabetes Association

http://care.diabetesjournals.org/cgi/content/full/31/Supplement_1/S12#SEC2

This section of the American Diabetes Association (ADA) Standard of Medical Care in Diabetes -2008 lists the ADA's recommendations for testing for pre-diabetes and diabetes in asymptomatic patients. The 2008 ADA Clinical Practice Recommendations lists evidence level B for screening those with risk factors. The ADA is in favor of screening in order to bring appropriate treatment to individuals to lower their risk for complications including blindness, renal failure, amputation, heart attack and stroke.

Joint National Committee on Prevention, Detection, Evaluation, and Treatment of High Blood Pressure

<http://www.nhlbi.nih.gov/guidelines/hypertension/index.htm>

The JNC 7 Complete Report focuses on the full scope and significance of the new findings on high blood pressure.

National Cholesterol Education Program

<http://www.nhlbi.nih.gov/guidelines/cholesterol/index.htm>

The Third Report of the Expert Panel on Detection, Evaluation, and Treatment of High Blood Cholesterol in Adults (Adult Treatment Panel III, or ATP III) constitutes the National Cholesterol Education Program's (NCEP's) updated clinical guidelines for cholesterol testing and management.
